### Top 5 Highest Risk Findings

1. [Financial] default - ELEVATED RISK (-0.258)

Secretary of the Treasury determines, among other things, that the institution is in default or in danger of default, that the institutions failure would have serious adverse effects on the U.S.

2. [Financial] leverage ratio - ELEVATED RISK (-0.167)

Under the Capital Framework, we and GS Bank USA are subject to Tier 1 leverage ratios and supplementary leverage ratios (SLRs) established by the FRB.

3. [Operational] business continuity - ELEVATED RISK (-0.167)

Because we are a BHC, our Business Continuity & Technology Resilience Program is also subject to review by the FRB.

4. [Financial] leverage ratio - ELEVATED RISK (-0.167)

Under the Capital Framework, we and GS Bank USA are subject to Tier 1 leverage ratios and supplementary leverage ratios (SLRs) established by the FRB.

5. [Financial] bankruptcy - ELEVATED RISK (-0.125)

federal bank regulatory agency that it will maintain the capital of its bank subsidiary, whether in response to the FRBs invoking its source-of-strength authority or in response to other regulatory m...
